Popular Science Aug 08 2020 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

*Breakout* Mar 27 2022 When a covert organization sells prison "insurance," breaking criminals out of jail for a high price, Mack Bolan goes undercover as a rival insurance salesman to take down the operation's kingpin and destroy the competition. Original.

**T. E. U.** Jul 31 2022 The story of the frantic hunt before eight massive murderous detonations and the story of life for one Northern California family after their world is changed forever. After twenty years of being buried in the ground, four black-market Cold War Russian-built UR-100N ICBM warheads turn up missing from a rose garden in Kazanluk, Bulgaria. It is only a matter of time before the world will be changed forever and millions of innocents will die. John Mullens, a young, idealistic, and edgy Central Intelligence Agency operator will try in vain to stop those responsible for stealing the missing nuclear warheads. Wittingly, he recruits the help of a key Bulgarian black marketer, Mr. Ivanof, an arrogant deadly boozier who, unbeknownst to Mullens, is the same man who stole the nuclear weapons from a Cold War naval base in Sofia, Bulgaria, in 1991. Both men try desperately to hunt down the weapons before it is all too late.

**Scream of the Crocodile** Dec 24 2021 Visit the swamp where Banty, wise beyond her years, and her family struggle to survive. Their secrets are many and cut deep. A well-educated local man, Ade LaFitte, recognizes Banty's extraordinary talents and encourages her upward journey. Banty, as a final gesture of repayment, helps Ade fulfill a lifelong dream. But this act nearly costs her everything she has worked so hard to achieve.

**The Atlantis Gene** Jun 05 2020 Book 3 in the thrilling 7-book Atlantis Saga The US government, the US military, and world-renowned scientists are all after one thing—the Atlantis gene, from the descendants of the lost island of Atlantis. Jaxon's new life in LA is torture until she hears about a teenage vigilante in the news. Turns out he's someone she knows from her posh private school. She begins sneaking out of the house to join him in his fight against criminals downtown. General Meade will stop at nothing to defend the world against alien threat and will thwart his own government to be the savior. Meanwhile, the Atlantis Allegiance operates off the grid and has plans to go on a world trip to find the original island of Atlantis. The Atlantis Gene is the 3rd book in the 7-book Atlantis Saga, about the girl with the Atlantis gene. Book 1: The Atlantis Girl Book 2: The Atlantis Allegiance Book 3: The Atlantis Gene Book 4: The Atlantis Secret Book 5: The Atlantis Origins Book 6: The Atlantis Guard Book 7: The Atlantis Ascent Keywords: Urban Fantasy Mystery Series Teen Fantasy Greek Myth Young Adult Mysteries and Thrillers Young Adult Action Thriller Teen Romantic Mystery Young Adult Romantic Suspense

**Dead Tide** Jan 31 2020 THE WORLD IS ENDING. BUT THERE ARE SURVIVORS. Nick Talaski is a hard-bitten, angry cop. Graham is a

newly divorced cab driver. Bronte is a Gulf War veteran hunting his brother's killer. Janice is a woman consumed by unflinching hate. Trish is a gentleman's club dancer. Morgan is a morgue janitor. THERE ARE NO CONTINGENCY PLANS FOR THIS. The dead have risen and the citizens of St. Petersburg and Pinellas Park are trapped. The survivors are scattered, and options are few. And not all monsters are created by a bite. Some still have a mind of their own...

**Autoionization** Sep 28 2019 About five years ago, Professor P. G. Burke asked me to edit a sequel to an earlier book-*Autoionization: Theoretical, Astrophysical, and Laboratory Experimental Aspects*, edited by A. Temkin, Mono Book Corp. , Baltimore, 1966. Because so much time had gone by and so much work had been done, the prospect of updating the 1966 volume seemed out of the question. In 1965 the phenomenon of autoionization, although long known, was just starting to emerge from a comparatively intuitive stage of understanding. Three major developments characterized that development: In solar (astro-)physics, Alan Burgess (1960) had provided the resolution of the discrepancy of the temperature of the solar corona as observed versus that deduced from ionization balance calculations, by including the process of dielectronic recombination in the calculation; Madden and Codling (1963) had just performed their classic experiment revealing spectroscopically sharp lines in the midst of the photoionization continuum of the noble gases; and Feshbach (1962) had developed a theory with the explicit introduction of projection operators, which for the first time put the calculation of auto ionization states on a firm theoretical footing. There were important additional contributions made at that time as well; nevertheless, without going into further detail, we were able to include in our 1966 volume, in spite of its modest size, a not too incomplete survey of the important developments at that time. To do the equivalent now would be virtually impossible.

*Resident Evil: Extinction* Oct 29 2019 Following the events of *Resident Evil: Apocalypse*, the beautiful, dangerous, enigmatic Alice returns, and this time she and her fellow survivor Carlos Olivera are running with a pack of humans led by a new ally, Claire Redfield. Together they are cutting through the wastelands of the United States on a long trek to Alaska. Hunted by the minions of the scheming Dr. Isaacs, Alice has zombies hungry for her flesh and the Umbrella Corporation's monstrous lab rats hungry for her blood...while Alice herself hungers only for revenge.

*2012 Virus* Jan 01 2020 Is 2012 going to be like Y2K? A big flop of a scare? Or are we racing towards big environmental changes? The author explores several possibilities before making his own conclusions. This book takes us to the internet to explore the coming computer age with interviews from Second life Avatars, blog, forum and book reviewers. What do they say about this date on the internet? You may be surprised with the Authors conclusions about this mysterious date. As he explores the computer age and religious extremists putting them in the frame work of the coming age of self discovery. Explore the Mindset of many people from every nation in our world. The four square years? Will these years precede the 2012 Presidential elections? Or are these years unfolding now? Read the prophetic insights of the years to follow. See Author website with blog and e-book updates. <http://metamorphosistheseries.0catch.com/index.html> with all blogs and updates for the book.

*A Devilish Box Set 1* Feb 11 2021

**On The Cutting Edge of The Frontiers of Electrical, Mechanical and Security Engineering Technology** Sep 08 2020 There are two primary goals that this book wishes to achieve; 1) Reliability through redundancy of design that is not dependent upon the capability of the rest of the system, and 2) the maximum security achievable for our highly classified facilities that we are dependent upon for our survival. In order for each chapter to be a stand-alone entity, in some cases repetitive material found in other chapters is included to facilitate continuity. Hence you won't have to go to other chapters and sub heading to keep you abreast of the current material. There are two chapters, 7 and 9, that have specific items identified for civilian government contractors who perform overseas work at our embassies, chancelleries, and military facilities.

**Mortal Chaos: Speed Freaks** Aug 27 2019 Butterfly effect: The scientific theory that a single occurrence, no matter how small, can change the course of the universe forever. A father and son diving off the coast of Hawaii, with the sharks closing in. A scientist in a forest under attack from a savage bear. A young girl who has been kidnapped by drug dealers in Rio. The teenagers surfing on top of a speeding bullet train. For them, and many others, things will never be the same again. Some will live. Many will die. All are connected. The action is non-stop in this tense and compelling adventure.

*Forbidden, Book 6* May 05 2020 In the final book of the *Lady Sotheby's Curse* trilogy, the grand opening of the restaurant is quickly approaching and Jayne is still desperately searching for the blackmailer. She makes more dangerous mistakes that compromise her chances of success. But things go from bad to worse as Jayne and Robert's relationship is threatened by the mutual suspicion. Can their love endure this test? Will they break under the pressure, or will they find the nefarious criminal and prevail?

**History of the Louisville & Nashville Railroad** Feb 23 2022 An updated, in-depth history of the rise and fall of the L&N Railroad that serviced the southeastern United States. After the Civil War, the Louisville and Nashville Railroad took the lead among southern railroads in developing rail systems and organizing transcontinental travel. Through two world wars, federal government control, internal crises, external dissension, the Depression, and the great Ohio River flood of 1937, the L&N Railroad remained one of the country's most efficient lines. It is a southern institution and a railroad buff's dream. When eminent railroad historian Maury Klein's definitive *History of the Louisville and Nashville Railroad* was first published in 1972, it quickly became one of the most sought-after books on railroad history. This new edition both restores a hard-to-find classic to print and provides a new introduction by Klein detailing the L&N's history in the thirty years since the book was first published. Praise for *History of the Louisville & Nashville Railroad* "A fascinating look at the L&N's long and tumultuous history." —*Business Horizons* "Stands both as an excellent example of what business history can accomplish and as an illustration of the work that remains to be done in the field." —*H-Net Reviews* "Reading like an epic saga, albeit with a corporation as the main character, this enduring and definitive account of the L&N successfully offers a broad yet detailed survey befitting a company that at one time helped develop and mold the South while amassing great wealth." —*Journal of Appalachian Studies* "A detailed account of the Louisville and Nashville Railroad's first century of operation. The story of the L&N is a great one, and Klein has written a definitive corporate and financial history of the railroad. Klein's vivid account of this period in the L & N's history will be very informative to those who wonder why America's railroads are what they are today." —*Journal of Southern History*

**Professional Journal of the United States Army** Nov 30 2019

*Humvees* May 29 2022 Did you know that there are 15 different kinds of Humvee? Some Humvees can weigh more than a rhinoceros. Learn more fascinating facts in *Humvees, a Mighty Military Machines* book.

*Mount Wonder* Apr 27 2022 Memories of college have intruded on Bernard Kennisbaum's mind with increasing regularity. It is his junior year, and Bernard declares himself free of his father's financial claws, free to follow his Muse. A beguiling beauty, Apryl, has caught his eye, and her scent leads him into a lecture hall that will change his life. His unwitting arrival in a Great Books class--The Humanities Integration Program--devolves into a wild west showdown with a trigger-happy prof, ambitious administrators, jealous colleagues, vengeful state officials, hoodlums, and hangover hippies. Lured in by poetry, Plato, and female pheromones, Bernard discovers an unlikely collegiate underworld dedicated to rescuing Western civilization from soulless purveyors of the bottom line. The trouble is, Bernard doesn't know which side he is on, and he soon learns he may not know everything about his family or himself. In *Mount Wonder*, two cultures collide and roll into one rip-

roaring adventure of love and learning. Based on true events at a major university, this novel will make you question your world and the world of higher education.

**No Accident** Jan 13 2021 It is possible to eliminate death and serious injury from Canada's roads. In other jurisdictions, the European Union, centres in the United States, and at least one automotive company aim to achieve comparable results as early as 2020. In Canada, though, citizens must turn their thinking on its head and make road safety a national priority. Since the motor vehicle first went into mass production, the driver has taken most of the blame for its failures. In a world where each person's safety is dependent on a system in which millions of drivers must drive perfectly over billions of hours behind the wheel, failure on a massive scale has been the result. When we neglect the central role of the motor vehicle as a dangerous consumer product, the result is one of the largest human-made means for physically assaulting human beings. It is time for Canadians to embrace internationally recognized ways of thinking and enter an era in which the motor vehicle by-product of human carnage is relegated to history. *No Accident* examines problems related to road safety and makes recommendations for the way forward. Topics include types of drivers; human-related driving errors related to fatigue, speed, alcohol, and distraction and roads; pedestrians, cyclists, and public transit; road engineering; motor vehicle regulation; auto safety design; and collision-avoidance technologies such as radar and camera-based sensors on vehicles that prevent crashes. This multi-disciplinary study demystifies the world of road safety and provides a road map for the next twenty years.

**The Hummer** Oct 02 2022 "[This book] is a study of America's most controversial personal automobile. Featuring more than fifteen essays, this collection analyzes the Hummer through a wide array of disciplines. The editors, Elaine Cardenas and Ellen Gorman, have divided the essays into four groups: myth and space, myth and body, myth and discourse, and myth as vehicle. An introduction by the editors places the study of the Hummer in a cultural context." -- from cover, page 4.

**Shadowrun Legends: Secrets of Power Box Set** Oct 10 2020 THREE COMPLETE SHADOWRUN NOVELS IN ONE! The year is 2050. The power of magic and the creatures it brings have returned to the earth, and many of the ancient races have re-emerged. Elves, Orks, Mages, and lethal Dragons find a home in a world where technology and human flesh have melded into deadly urban predators. And the multinational megacorporations hoard the only thing of real value—information. For Sam Verner, living in the womb of the Renraku conglomerate was easy, until his sister disappeared and the façade of the corporate reality began to disintegrate. Now Sam wants out, but to "extract" himself, he has to slide like a whisper through the deadly shadows of the corporations, into a completely different world where his first wrong move may be his last...the world of Shadowrun. The Secrets of Power trilogy contains three full-length Shadowrun novels: *Never Deal With a Dragon* *Choose Your Enemies Carefully* *Find Your Own Truth*

**A Broken Darkness** Jun 25 2019 Nick Prasad is piecing his life together since the Anomaly, and has joined the secretive Ssarati Society to help monitor threats to humanity – including his former friend Johnny. Right on cue, the unveiling of Johnny's latest experiment sees more portals opened to Them, and the two of them are thrown together to fight the darkness once more...

**The Lives of Desert Animals in Joshua Tree National Monument** Apr 03 2020

**Chaser** Oct 22 2021 A shocking murder. A suspect on the run. Can a maligned young bounty hunter finally bring the killer in? Jinx Ballou's career hangs by a thread. Outed as transgender and blackballed, the tough-as-nails bounty hunter is determined to prove herself. She convinces a desperate bail agent to hire her, but the fugitive she's assigned has already eluded some of the best in the business. Jinx takes the job and uncovers a horrifying truth that calls everything into question. As the danger rises, Jinx pushes her skills, her body, and her luck to the limit to apprehend the fugitive murder suspect or die trying. Will she survive long enough to bring her fugitive to justice and save her career? *Chaser* is the exciting first book in the Jinx Ballou Bounty Hunter crime thriller series. If you enjoy page-turning action, stunning plot twists, and crime novels where trans women are the heroes rather than the villains, you'll love Dharma Kelleher's groundbreaking thrill-ride. Buy *Chaser* today and join Jinx as she kicks ass in pursuit of justice.

**Search & Rescue** Jan 25 2022 Originally published separately in 2009.

**The Devil Drinks Coffee** Nov 22 2021

**Cities Under Siege** Sep 01 2022 Cities are the new battleground of our increasingly urban world. From the slums of the global South to the wealthy financial centers of the West, *Cities Under Siege* traces the spread of political violence through the sites, spaces, infrastructure and symbols of the world's rapidly expanding metropolitan areas. Drawing on a wealth of original research, Stephen Graham shows how Western militaries and security forces now perceive all urban terrain as a conflict zone inhabited by lurking shadow enemies. Urban inhabitants have become targets that need to be continually tracked, scanned and controlled. Graham examines the transformation of Western armies into high-tech urban counter-insurgency forces. He looks at the militarization and surveillance of international borders, the use of 'security' concerns to suppress democratic dissent, and the enacting of legislation to suspend civilian law. In doing so, he reveals how the New Military Urbanism permeates the entire fabric of urban life, from subway and transport networks hardwired with high-tech 'command and control' systems to the insidious militarization of a popular culture corrupted by the all-pervasive discourse of 'terrorism.'

**Crude Reality** Jul 27 2019 This concise, accessible introduction to the history of oil tells the story of how petroleum has shaped human life since it was first discovered oozing inconspicuously from the soil. For a century, human dependence on petroleum caused little discomfort as we enjoyed the heyday of cheap crude—a glorious episode of energy gluttony that was destined to end. Today, we see the disastrous results in environmental degradation, political instability, and world economic disparity in the waning years of a petroleum-powered civilization—lessons rooted in the finite nature of oil. Considering the nature of oil itself as well as humans' remarkable relationship with it, Brian C. Black spotlights our modern conundrum and then explores the challenges of our future without oil. It is this essential context, he argues, that will prepare us for our energy transition. Bringing his global perspective and wide-ranging technical knowledge, Black has written an essential contribution to environmental history and the rapidly emerging field of energy history in this sweeping, forward-looking survey.

**The MAC Flyer** Mar 03 2020

**An Inconvenient War** Dec 12 2020 Lieutenant Colonel Jake Gregg is a marine recruiter's dream: handsome, well-respected, and on the fast track to making general. As an on-ground commander during the Gulf War, Colonel Jake led his troops into multifaceted battles, minimized dangers for his marines, and squashed all attempts to reward his outstanding leadership with a medal. But as the war ends and several years pass, the neoconservatives are not happy. They want the regime of Iraq overthrown. It is 2000 when Jake, who is known for fighting his superiors as much as the enemy, is relieved of his duties as director of operations for the Joint Chiefs of Staff. As he begins his new role as general at Quantico, he assigns Major Fran Matthews, who knows all too well about the negative effects of being a woman in the military, to create a security plan for the Capitol area base. But when America is suddenly attacked on 9/11, everything changes for the neocons, Jake, and Fran as a new war begins in Afghanistan. *An Inconvenient War* is the tale of a seasoned military commander who embarks on a journey to not only fight in wars but also to battle Washington leaders who are determined to achieve their goals even if others must pay for their choices in blood.

**Extinction Chronicles** Jun 17 2021 *Extinction Chronicles* brings the events of mankind at critical points of development out of the shadows

and into the light. Hazel, a collection of four stories, presents segments of life from the perspective of Kaley Walls. Kaley is a young entrepreneur who is about to discover her niche in the universe. The Observer, a stand alone short, documents the events of mankind's final days. See the world through the eyes of recon agents Ashley and Ed. The year is 2060 nearing the end of a conflict known as the 'Flesh Wars'.

The Ære Saga Boxed Set (Books 1-4) Nov 10 2020 "Like a summer superhero movie, this YA fantasy features dazzling adventure and a truly epic romance." -iBooks Official Review From international bestselling author S.T. Bende comes the complete story of the Ære Saga (Books 1-4). Book 1: PERFEKT ORDER All's fair when you're in love with War. For seventeen-year-old Mia Ahlström, a world ruled by order is the only world she allows. A lifetime of chore charts, to-do lists and study schedules have helped earn her a spot at Redwood State University's engineering program. And while her five year plan includes finding her very own happily-evah-aftah, years at an all-girls boarding school left her feeling woefully unprepared for keg parties and co-ed extracurricular activities. So nothing surprises her more than catching the eye of Tyr Fredriksen at her first college party. The imposing Swede is arrogantly charming, stubbornly overprotective, and runs hot-and-cold in ways that defy reason . . . until Mia learns that she's fallen for the Norse God of War; an immortal battle deity hiding on Midgard (Earth) to protect a valuable Asgardian treasure from a feral enemy. With a price on his head, Tyr brings more than a little excitement to Mia's rigidly controlled life. Choosing Tyr may be the biggest distraction—or the greatest adventure—she's ever had. Book 2: PERFEKT CONTROL Rule the realms. Brynn Aksel is a valkyrie—a battle goddess tasked with protecting both the God of War and the future of Asgard. She fends off giants and dark elves with an iron fist, a glossy smile, and no less than perfekt control. She's focused one-hundred-percent on rising through the valkyrie ranks, and not at all on her lifelong crush on Henrik Andersson—the one guy in all the realms who could be her undoing. Henrik serves as War's other bodyguard, and he's too focused on protecting their shared charge to realize that Brynn's a girl. When an unprecedented surge of darkness abducts the Goddess of Love, Brynn's already-steely focus is singularly directed on her new assignment—accompany Henrik to recover the realms' source of light before the cosmos descends into chaos. While battling demons, dragons, and the not-quite-dead, it becomes clear that immortality does not equal invincibility. And when Hel herself puts a hit on Brynn, the valkyrie has to decide if staying in control is worth losing everything . . . or if it's time to rule the realms. Book 3: PERFEKT BALANCE Become what you believe. Elsa Fredriksen knows there's a thin line between love and fear. As High Healer, she rights the wrongs committed by those who choose the darkness. But even Asgard's secret weapon can't undo every injury—especially when her fate is completely entwined with the god she's trying to save. Elsa's in love with the Norse God of Justice. But Forse's heart is ruled by fear—fear that the past will repeat itself; fear that opening his heart will compromise his ability to do his job; fear that he'll hurt the one girl he desperately wants to protect. Again. When Elsa faces off against the very monster she once swore to protect, her survival depends on a power she isn't sure she can control. And when Forse's worst nightmare unfolds in front of him, Elsa has to decide whether it's more important to hold the realms in perfekt balance . . . or hold onto the guy she can't imagine existing without. Book 4: PERFEKT MATCH For honor. For love. For Asgard. ? Valkyrie Brynn Aksel is ready for some downtime. But when an urgent warning arrives from Asgard, heralding the death of a beloved god and the dawn of Ragnarok—the not-so-mythological end of days—it becomes clear there's no rest for the gods . . . not when future of the realms is on the line. ? Goddess of Love Freya Skönsten can't shake the darkness that's clung to her since her Helheim imprisonment. An unsanctioned romantic connection with a mortal is the only thing keeping her in the light, but Freya's vow to the Norns prevents her from fully uniting with her perfekt match. When Hel returns to finish what she started, Freya must decide how much she's ready to sacrifice to save the family she loves . . . and whether she's willing to give up everything for the worlds she's sworn to protect. ? With the forces of darkness aligning to destroy the realms, it's clear more than just Love hangs in the balance. Ragnarok has arrived. And it's shaping up to be the perfekt storm.

Beyond The Steps Of Stone Jul 19 2021 One Army Colonel. One alien leader. One prophecy. The fate of Earth is in their hands. Can they come together in enough time to save it before an old enemy arrives? Army Ranger Colonel Morgan Langtree has awoken from cryogenic stasis to discover that her own world has become alien to her. Earth, now a virtual Garden of Eden, is both beautiful - and dangerous. Now responsible for all of the survivors of the Area 51 base, Langtree sets out to discover what happened to her world... ..and why they slept for 1,500 years longer than intended. Following her late commanding officer's instructions, Langtree and her team set off for the Belize Valley Area and the city of Lamanai. She finds a thriving society based on Central American Indians of millennia before in the remains of the city as well as the Lamanai's gods. Enter Lord Jericho Juriath, the charismatic leader of a race of aliens known as the Allorvians. He has brought the remainder of his people to Earth, a planet his own ancestors helped seed long before the birth of Christ. Earth was to be a safe haven, a thriving planet his people could settle on, disappearing into human society. But, like Colonel Langtree, Juriath has found a world devoid of cities and technology. With too many riddles that need solving - and a prophecy he's not sure he believes in - Juriath is left wondering what happened. Both leaders are forced to make a choice: forge an alliance with one another or go their own way. Can they move past their differences and find love, securing the prophecy that will save both of their people before the Allorvian's enemies find them? Or are they doomed to repeat history and become slaves to a race older than time?

Face of Terror Nov 03 2022 A cadre of violent bank robbers is wreaking havoc in the Midwestern states, amassing a small fortune and a large body count. Covered faces, jungle fatigues and foreign accents have everyone—from their victims to the government—thinking an Arab terror cell is to blame. But the appearance of the criminals is deceiving. While tracking them, Mack Bolan discovers he is fighting an enemy nobody wants to suspect—American soldiers. As the reign of terror escalates, Bolan realizes the group's ultimate objective is to destroy a major American city unless the federal government pays an exorbitant sum. As the deadline approaches, the Executioner decides it's payoff time, handing the traitors the ransom they deserve.

Jinx Ballou Bounty Hunter Box Set Sep 20 2021 Jinx Ballou is every fugitive's nightmare In the sun-scorched urban sprawl of Phoenix, Arizona, bounty hunter Jinx Ballou is a singular female figure in a sea of macho men. She'll take on anyone, no matter how big, how well-armed, or how well-connected. From murderers and drug gangs to Chechen gangsters and domestic terrorists. At the same time, Jinx has a nerdy side. She's crazy into comic books and cosplays as Wonder Woman in her spare time. She also happens to be transgender. Each book in this three-volume boxset is a balls-to-the-wall, white-knuckle action thriller that will keep you turning the pages until the very last. Chaser: Book 1 A teenage murder suspect has vanished. Is Holly Schwartz a desperate killer fleeing prosecution? Or has something more sinister happened? Jinx is determined to learn the truth and return Holly to custody. But the pursuit takes a deadly turn, forcing her to push her skills, her body, and her luck to the limit to capture the fugitive teen and get out alive. Extreme Prejudice: Book 2 Hot on the heels of an accused murderer, Jinx discovers her fugitive is involved with White Nation, a militant organization stoking the fires of prejudice and violence in Phoenix, Arizona. To apprehend her suspect, she infiltrates White Nation, only to come face-to-face with Barclay "The Beast" Dietz, the man who nearly killed her years earlier. Her efforts to bring both men to justice backfire, putting those she loves most in harm's way. As the city erupts in bigotry and bloodshed, Jinx's world unravels, pushing her to the breaking point and forcing her to choose between seeking justice and saving lives. A Broken Woman: Book 3 Bounty hunter Jinx Ballou is struggling to rebuild her life after a terrorist attack shattered her world. When a new job offer comes her way, she is forced to choose between returning an innocent transgender woman to custody or taking on a legal system that provides justice only to those society deems worthy. Fans of Karin Slaughter, Lisa Gardner, and Sara Paretsky won't

want to skip this high-octane, blood-pumping boxset of gritty thrillers with a feminist kick.

**Air-Mech-Strike** Aug 20 2021 This book outlines how to reorganize the U.S. Army into a fully 2 and 3-Dimensional maneuver capable, ground force with terrain-agile, armored fighting vehicles sized to rapidly deploy by fixed-wing and rotary-wing aircraft to the scene of world conflicts and strike at the heart of freedom's enemies. The plan to build the Army into Air-Mech-Strike Forces, exploiting emerging information-age technologies, as well as America's supremacy in aircraft and helicopter delivery systems---at the lowest cost to the taxpayers, is described in detail. These Army warfighting organizations, using existing and some newly purchased equipment, will shape the battlefield to America's advantage, preserving the peace before it is lost; if not, then winning fights that must be fought quickly. The dangerous world we live in moves by the speed of the AIR, and the 21st Century U.S. Army 2D/3D combat team will dominate this medium by Air-Mech-Strike!

**Family Business** Mar 15 2021 New York City bodyguard Jimmy Fein is a smart-talking tough guy with a penchant for physical violence and a slight inferiority complex when it comes to his Irish-Jewish mafia family. Lately, though, they've been an equal mix of help and hindrance as he protects a client from a homicidal business partner. His Jewish father is constantly disappointed by Jimmy's reckless actions and refusal to profit from the family business. His cousin Mary Alice, a nun, is running a gambling pool based on how many times Jimmy will be shot by year's end. Even more insulting, the family views his partner, Elise, as the reasonable one despite her preference for shotgun-induced emasculation when it comes to abusive ex-spouses. Jimmy's latest job is to help Marcus Roth, a diamond merchant involved in an Internet scam. Marcus wants out, but the mastermind behind the operation wants him dead. Jimmy's job is further complicated by his family who decides to start its own competing Internet scam and cautions Jimmy against exposing the scam to the police or the public. Before long, Jimmy is reminded of the lethal dangers of mixing his business with family business ...

*Shadowrun Legends: Never Deal With a Dragon* Jul 07 2020 WHERE MAN MEETS MAGIC AND MACHINE... The year is 2050. The power of magic and the creatures it brings have returned to the earth, and many of the ancient races have re-emerged. Elves, Orks, Mages, and lethal Dragons find a home in a world where mana, technology, and human flesh have melded into deadly urban predators. And the multinational mega-corporations that run the world hoard the only thing of real value—information. For Sam Verner, living in the womb of the Renraku conglomerate was easy, until his sister disappeared and the façade of the corporate reality began to disintegrate. Now he wants out, but to "extract" himself he has to slide like a whisper through the deadly shadows the corporations cast, into a completely different world where his first wrong move may be his last...the world of Shadowrun.
