Mounting Fears Nov 18 2021

President Will Lee becomes embroiled in domestic and foreign turmoil in this “timely and gripping”(Booklist) thriller from #1 New York Times bestselling author Stuart Woods. President Will Lee is having a rough week. His vice president just died during surgery. Confirmation hearings for the new vice president are under way, but the squeaky-clean governor whom Will has nominated may have a few previously unnoticed skeletons in his closet. And rogue CIA agent Teddy Fay is plotting his revenge on CIA director Kate Rule Lee—the president’s wife. Plus there are some loose nukes in Pakistan that might just trigger World War III if Will’s diplomatic efforts fall short. It’s up to President Lee—with some help from

Holly Barker, Lance Cabot, and a few other Stuart Woods series regulars—to save the world, and the upcoming election.

Because You're Mine Jun 01

2020 An “insidious, suspenseful tale” (J.T. Ellison) with a “shocker of an ending you won’t see coming” (Michele Campbell), *Because You're Mine* by Rea Frey, the author who “brings to mind Jodi Picoult” (Booklist) and “will appeal to readers of Greer Hendricks and Sarah Pekkanen” (Sally Hepworth) is a novel about how the truth will set you free. But it’s the lies that keep you safe. Single mother Lee has the daily routine down to a science: shower in six minutes. Cut food into perfect squares. anything—anything—to keep his carefully constructed world from falling apart. Do anything to keep him safe. But when her best friend Grace convinces her she needs a small break from motherhood to recharge her batteries, Lee gives in to a weekend trip. Surely a long weekend away from home won't hurt? Noah, Mason's handsome, bright, charismatic tutor—the first man in ages Lee's even noticed—is more than happy to stay with him. Forty-eight hours later, someone is dead. But not all is as it seems. Noah may be more than who he claims to be. Grace has a secret—one that will destroy Lee. Lee has secrets of her own that she will do anything to keep hidden. And what will happen to Mason, as the dominoes begin to fall and the past comes to light? Perhaps it's no mystery someone is gone after all... Because You're Mine is a breathtaking novel of domestic drama and suspense. Prepare to stay up all night.

How to Lie with Numbers, Stats & Graphs Mar 22 2022

How to Lie with Numbers, Stats & Graphs is a book that contains two of our best sellers - and by far our funniest! In this eye-opening book, award-winning statistician and author Lee Baker uncovers the key tricks of the trade used by politicians, corporations and other statistical conmen to deceive, hoodwink and otherwise dupe the unwary. Blurb: Truth, Lies & Statistics Pirates, cats, Mexican lemons and North Carolina lawyers. Cheese consumption, margarine and drowning by falling out of fishing boats. This book has got it all. A roller coaster of a book in 8 witty chapters, this might just be the most entertaining statistics book you'll read this year. Did you know that pirates caused global warming, and that a

statistical lie gave rise to one of the fastest growing religions on the planet? Probably not - you might have missed the memo that day. Did you also know that organic food is the real cause of autism, and that Mexican lemons are a major cause of deaths on American roads? They're true, honest - and this book has got the stats to prove it. In this eye-opening book, award winning statistician and author Lee Baker uncovers the key tricks of the trade used by politicians, corporations and other statistical conmen to deceive, hoodwink and otherwise dupe the unwary. Like how the ex-Chancellor of the Exchequer attempted to persuade us that 5 lots of 10 make 150, or how the President of the United States tried to convince us that 420,000 is a larger number than 782,000. Nice try boys, but we were awake that day! it. Blurb: Graphs Don't Lie Sarah Palin, abortions, global warming and Usain Bolt. The CEO of Apple, 35 trillion gun deaths in 1995, Fox News and 193%. This book has got scandals galore! With 9 witty chapters taking you on a roller coaster tour of graphical lies, pictorial deceits and pie charts of mayhem, this might just be the most entertaining book about graphs you'll read this year. Did you know that between them, Sarah Palin, Mike Huckabee and Mitt Romney enjoyed a total of 193% support from Republican candidates in the 2012 US primaries? It must be true - it was on a pie chart broadcast on Fox News. Did you also know that the number 34 is smaller than 14, and zero is much bigger than 22? Honest, it's true, it was published in a respectable national newspaper after the 2017 UK General Election. There can't have been any kind of misdirection here because they were all shown on a pie chart. In this astonishing book, award winning statistician and author

Lee Baker uncovers how politicians, the press, corporations and other statistical conmen use graphs and charts to deceive their unwitting audience. Like how a shocking, and yet seemingly innocuous statement as "Every year since 1950, the number of children gunned down has doubled", meant that there should have been at least 35 trillion gun deaths in 1995 alone, the year the quote was printed in a reputable journal. Or how an anti-abortion group made their point by trying to convince us all that 327,000 is actually a larger number than 935,573. Nice try, but no cigar - we weren't born yesterday. In his trademark sardonic style, the author reveals the secrets of how the statistical hustlers use graphs and charts to manipulate and misrepresent for political or commercial gain - and often get away with it. Written as a layman's guide to lying, cheating and deceiving with data, statistics and graphs, in this book there's not a dull page in sight! And there are elephants too.

The Structure of Complex Lie Groups Jan 28 2020 Complex Lie groups have often been used as auxiliaries in the study of real Lie groups in areas such as differential geometry and representation theory. To date, however, no book has fully explored and developed their structural aspects. The Structure of Complex Lie Groups addresses this need. Self-contained, it begins with general concepts introduced

via an almost complex structure on a real Lie group. It then moves to the theory of representative functions of Lie groups- used as a primary tool in subsequent chapters-and discusses the extension problem of representations that is essential for studying the structure of complex Lie groups. This is followed by a discourse on complex analytic groups that carry the structure of affine algebraic groups compatible with their analytic group structure. The author then uses the results of his earlier discussions to determine the observability of subgroups of complex Lie groups. The differences between complex algebraic groups and complex Lie groups are sometimes subtle and it can be difficult to know which aspects of algebraic group theory apply and which must be modified. The Structure of Complex Lie Groups helps clarify those distinctions. Clearly written and well organized, this unique work presents material not found in other books on Lie groups and

Post-Truth Oct 25 2019 How we arrived in a post-truth era, when “alternative facts” replace actual facts, and feelings have more weight than evidence. Are we living in a post-truth world, where “alternative facts” replace actual facts and feelings have more weight than evidence? How did we get here? In this volume in the MIT Press Essential Knowledge series, Lee McIntyre traces the development of the post-truth phenomenon from science denial through the rise of “fake news,” from our psychological blind spots to the public's retreat into “information silos.” What, exactly, is post-truth? Is it wishful thinking, political spin, mass delusion, bold-faced lying? McIntyre analyzes recent examples—claims about inauguration crowd size, crime statistics, and the popular vote—and finds that post-truth is an assertion of ideological supremacy by which its practitioners try to compel someone to believe something

regardless of the evidence. Yet post-truth didn't begin with the 2016 election; the denial of scientific facts about smoking, evolution, vaccines, and climate change offers a road map for more widespread fact denial. Add to this the wired-in cognitive biases that make us feel that our conclusions are based on good reasoning even when they are not, the decline of traditional media and the rise of social media, and the emergence of fake news as a political tool, and we have the ideal conditions for post-truth. McIntyre also argues provocatively that the right wing borrowed from postmodernism—specifically, the idea that there is no such thing as objective truth—in its attacks on science and facts. McIntyre argues that we can fight post-truth, and that the first step in fighting post-truth is to understand it.

Riverdale in this page-turning thriller that exposes the lies five teens tell about a deadly night one year ago. One year ago, there was a party. At the party, someone died. Five teens each played a part and up until now, no one has told the truth. But tonight, the five survivors arrive at an isolated mansion in the hills, expecting to compete in a contest with a \$50,000 grand prize. Of course...some things are too good to be true. Now, they realize they've been lured together by a person bent on revenge, a person who will stop at nothing to uncover what actually happened on that deadly night, one year ago. Five arrived, but not all can leave. Will the truth set them free? Or will their lies destroy them all?

live. What she doesn't have is much luck when it comes to dating men. And not only are her choices terrible, she also hasn't been boyfriend free since she was a teenager. So she places herself on a sabbatical of sorts. No dating for twelve months. Cameron Miller has had a crappy year. His girlfriend fell for his best friend and to ease the pain, he drowns his troubles in more booze and women than he can count. When his buddies finally slap some sense into him and urge him to focus on his new position as a special education teacher in an urban school district, he decides to get his act together. Away from the prying eyes of their mutual friends, Cameron and Aurora agree to hang out once a week in their newly dubbed Chastity Club. Number of members? Two. It's a chance to find solace, companionship, and something neither anticipated - a burgeoning attraction. The Greatest Civil War Lie Ever Told to the American People Sep 23 2019 Author

Will Bevis claims he found The Stone/Lee Civil War Papers described within seven years ago, while trespassing near midnight, at Jefferson's Rock, a small national park near Harpers Ferry, West Virginia. He also claims his life has been threatened over these papers which he says expose the greatest lie that the American people have ever been told and which they still believe today: that the South lost the Civil War. He says that the Federal Government quickly tried to obtain these papers through threats but that he gave them to a well known Atlanta businessman who promised to make them public--but who then double-crossed him. The one thing he has never said is that this work is a work of fiction. He claims that no one

would publish it as non-fiction, and that he finally gave up hopes of ever doing so. Bevis states he decided it was better to publish this as fiction than for the public never to hear of it at all. Here then are the Stone/Lee Civil War papers. Do they expose the Greatest Civil War Lie ever told the American people? Or are they themselves the greatest Civil War lie ever told?

related phenomena, such as “bullshit” or being truthful? Svendsen also investigates the ethics of lying—why is lying almost always morally wrong, and why is lying to one’s friends especially bad? The book concludes by looking at lying in politics, from Plato’s theory of the “noble lie” to the Big Lie of Donald Trump. As phrases like “fake news” and “alternative facts” permeate our feeds, Svendsen’s conclusion is perhaps a surprising one: that, even though we all occasionally lie, we are for the most part trustworthy. Trusting others makes one vulnerable, and we will all be duped from time to time. But all things considered, Svendsen contends, truthfulness and vulnerability are preferable to living in a constant state of distrust.

Would I Lie To You? Presents The 100 Most Popular Lies of All Time Jun 20 2019 The cheque's in the post. I'm still at the office. That

looks great on you. Lies make the world go round. And in this book the Would I Lie To You? team celebrates the fine art of the everyday fib. Like the deliriously funny contributions of Rob Brydon, Lee Mack and David Mitchell in the hugely successful panel game, here is a delightful collection of 100 fibs that all of us can recognise. Lies like: I didn't even notice she was pretty; I'm working from home tomorrow; and wow, your tattoo looks really... interesting. Written in the same warm, witty and inspired tone that's made the TV show such a hit, the book uncovers the little deceptions that strike a chord with all of us. There are the lies we tell others, the lies people tell us and the lies we tell ourselves. Each entry in the book is laugh-out-loud funny, and filled with more than a little bit of painful truth. underdogs who lost the Civil War with honor. Now, as a retired brigadier general and Professor Emeritus of History at West Point, his view has radically changed. From a soldier, a scholar, and a southerner, Ty Seidule believes that American history demands a reckoning. In a unique blend of history and reflection, Seidule deconstructs the truth about the Confederacy—that its undisputed primary goal was the subjugation and enslavement of Black Americans—and directly challenges the idea of honoring those who labored to preserve that system and committed treason in their failed attempt to achieve it. Through the arc of Seidule’s own life, as well as the culture that formed him, he seeks a path to understanding why the facts of the Civil War have remained buried beneath layers of myth and even outright lies—and how they embody a cultural gulf that separates millions of Americans to this day. [The Downstairs Girl](#) Apr 11 2021 A Reese Witherspoon YA Book Club Pick! A New York Times bestselling novel, The Downstairs Girl is a compelling and poignant story following seventeen-year-old Jo Kuan, a Chinese American girl living in segregated 1890s Atlanta.

'Everyone needs to read this book' Stephanie Garber, New York Times bestselling author of Caraval 'A jewel of a story. By shining a light on the lives of those whom history usually ignores, Stacey Lee gives us a marvellous gift: an entirely new

and riveting look at our past' Candace Fleming, award-winning author of The Family Romanov *** Seventeen-year-old Jo Kuan is leading a double life. By day, she works as a lady's maid, navigating life on the margins of a society determined that a person's worth is measured by the colour of their skin. By night, she's the voice behind the most radical advice column in 1890s Atlanta. Jo is used to feeling invisible, but she won't let it hold her back. While her priority is making sure that she and her father, Old Gin, remain safe in their hideaway beneath a print shop, she still has ambition. And strong opinions of her own that she begins to share in a newspaper advice column under the pseudonym 'Miss Sweetie'. Suddenly, all of Atlanta is talking about her ideas, although little do they know that the witty advice comes from a penniless Chinese girl. As curiosity about Miss Sweetie mounts, Jo's secret identity may not stay secret for much longer. And as she learns more of the hard

Evelyn Skye, New York Times bestselling author of The Crown's Game 'Prepare to fall headlong in love with The Downstairs Girl. I certainly did!' Robin LaFevers, New York Times bestselling author of the His Fair Assassin trilogy Deep Lie Jun 13 2021 Sifting through reams of seemingly unrelated intelligence, CIA analyst Katherine Rule discovers a chilling pattern: an ultrasecret Baltic submarine base...a crafty Russian spy-master in command...a carefully planned invasion about to be launched from dark waters. Her suspicions, however, are dismissed by those higher up; her theory, they say, is too crazy to be true. But to Katherine, it's just crazy enough to succeed - unless she can stop it. If she's right, an attack sub has already penetrated friendly waters. Worse yet, the enemy has penetrated deep into her own life, so deep she can touch him. And in this game, one wrong touch can mean Armageddon.

debut novel—a classic American mystery saga about three generations of lawmen tangled in a web of passion, secrets, destiny, and murder in their small Southern town... In the winter of 1920, the first body is found in Delano, Georgie—the naked, brutalized corpse of a young boy. It is a crime too horrific to be ignored, the first of many that will span four decades—embroiling three police chiefs in a remarkable manhunt that will expose the hatreds, fear, and festering wounds beneath the surface of their sleepy God-fearing community.

Everything I Never Told You

Jul 14 2021 'There is much here that might impress Pulitzer and Man Booker judges...Ng brilliantly depicts the destruction that parents can inflict on their children and on each other' Mark Lawson, Guardian Lydia is the favourite child of Marilyn and James Lee; a girl who inherited her mother's bright blue eyes and her father's jet-black hair. Her parents are determined that

Lydia will fulfill the dreams they were unable to pursue - in Marilyn's case that her daughter become a doctor rather than a homemaker, in James's case that Lydia be popular at school, a girl with a busy social life and the centre of every party. But Lydia is under pressures that have nothing to do with growing up in 1970s small town Ohio. Her father is an American born of first-generation Chinese immigrants, and his ethnicity, and hers, make them conspicuous in any setting. When Lydia's body is found in the local lake, James is consumed by guilt and sets out on a reckless path that may destroy his marriage. Marilyn, devastated and vengeful, is determined to make someone accountable, no matter what the cost. Lydia's older brother, Nathan, is convinced that local bad boy Jack is somehow involved. But it's the youngest in the family - Hannah - who observes far more than anyone realises and who may be the only one who knows what really happened.

The Last Story of Mina Lee Jan 20 2022 A REESE'S BOOK CLUB PICK INSTANT NEW YORK TIMES BESTSELLER 'I loved this book so much' REESE WITHERSPOON --- In 1987, Mina Lee flies from Seoul to Los Angeles to start a new life. Thirty years later, Margot Lee speaks to her mother for the last time. Between these two moments extends a lifetime of secrets.

These are stories of unexpected loves and devastating losses. Of choices made and those left behind. Of a mother and daughter who have always struggled to understand each other. These are stories waiting to be told, before it's too late. Reminiscent of Celeste Ng's page-turning meditations on identity, this searing mother-daughter story explores the diverse and unsettling realities of being an immigrant in America. ---

'Suspenseful and deeply felt... raises questions about the reality of the American dream and illuminates stories that often go untold' CHLOE BENJAMIN 'Painful, joyous... A story that cries out to be told' LA TIMES 'Carefully illuminates the two sides of the silence between a Korean immigrant mother and her Korean American daughter, a silence only too familiar to many of us - and emerges with a stunningly powerful and original novel' ALEXANDER CHEE 'A timely, important novel... Fans of Celeste Ng won't be able to

Two Sides of a Lie Jul 22 2019 This story is inspired by real events. It was a chilly September evening when the body of a young pro-democracy protester surfaced in Hong Kong's eastern Yau Tong Bay. The local police quickly concluded his death as

accidental drowning but fellow protesters believe it was part of a dark ploy by the authorities to quash the political movement. James Lai, the Han Herald's senior reporter, is assigned to investigate the mysterious death. Unbeknownst to him, the assignment is a front created by his editors to shift the narrative against leaders in Beijing, unnerved by the intensified public opinion. As he digs deeper, he finds himself coming to close brush with the forces of a power struggle among the Party's top brass. His pursuit of the truth challenges his personal and professional integrity at every step of the way. Faced with a politically-pressured media environment in Hong Kong and the Herald newsroom that has declined from a once globally respected publication to a propaganda mouthpiece, James can only trust his own journalistic beliefs and dogged reporting to piece together the mystery and bring the story to life. Nonetheless, the answers he uncovers of the conspiracy
