Word 2007 Sep 29 2022 *Word 2007: Beyond the Manual* is written for the experienced Word user who would find an introductory manual boring, condescending, and a waste of time. Basic features of word-processing in general or of Word in particular are not discussed. Features new to Word 2007 are emphasized, as are complex features that, though available in earlier versions of Word, were not readily accessible. The narrative is fast-paced, concise, and respectful of the reader's familiarity with earlier versions of the program.
