The Making of the Medieval Middle East Sep 25 2019 In the second half of the first millennium CE, the Christian Middle East fractured irreparably into competing churches and Arabs conquered the region, setting

in motion a process that would lead to its eventual conversion to Islam. Largely agrarian and illiterate, Christians often called “the simple” outnumbered Muslims well into the era of the Crusades, and yet they have typically been invisible in our understanding of the Middle East's history

Intercultural Transmission in the Medieval Mediterranean Dec 29 2019 The cross-fertilisation in written and material culture across borders in the medieval world.

Transforming Politics and Policy in the Digital Age Mar 12 2021 Digital technology and the Internet have greatly affected the political realm in recent years, allowing citizens greater input and interaction in government processes. The mainstream media no longer holds all the power in political commentary. *Transforming Politics and Policy in the Digital Age* provides an updated assessment of the implications of technology for society and the realm of politics. The book covers issues presented by the technological changes on policy making and offers a wide array of perspectives. This publication will appeal to researchers, politicians, policy analysts, and academics working in e-government and politics.

The Inclusive-language Debate Dec 21 2021 The highly contentious and controversial topic of translating the Bible is discussed in this sensitively written guide to the issues involved. These include translation theory, gender & the debate that still surrounds the NIV inclusive language version.

Billboard Oct 07 2020 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Soundings in the Religion of Jesus Oct 31 2022 Jesus was a Jew and not a Christian. That affirmation may

seem obvious, but here an international cast of Jewish and Christian scholars spell out its weighty and often complex consequences for contemporary Jewish-Christian dialogue. *Soundings in the Religion of Jesus* contextualizes Jesus and the writings about him that set the stage for Jewish-Christian relations for the next two thousand years. Of equal importance, this book considers the reception, celebration, and (too often) the neglect of Jesus' Jewishness in modern contexts and the impact such responses have had for Jewish-Christian relations. Topics explored include the ethics of scriptural translation, the ideological motives of Nazi theologians and other "quests" for the Historical Jesus, and the ways in which New Testament portraits of Jesus both help and hurt authentic Jewish-Christian dialogue.

Creating & Crafting the Contemporary English Version Aug 29 2022 The Contemporary English Version Bible, first published in 1995, is one of the newest. This book explains why this translation was undertaken, how it stands out from others prepared for everyday use, and how it has been faithful to the very strict translation principles and standards which the translators of the King James Version Bible set for themselves four centuries ago. This book offers concise, focused discussions on what makes a translation easy to understand when the reader has no previous understanding of religious language, and explains the features that make a translation easy to understand when it is being read aloud by someone else. The chapter

on "How to Evaluate the Readability of a Bible Translation" explains why using a limited vocabulary list or relying upon short sentences isn't always the best way to make a translation easier for young people to understand. Each chapter offers insights that will help you or your church group discover ways the CEV can enhance and enliven your worship experience. --
