Hirschfeld Nov 30 2019 The definitive biography of Al Hirschfeld, renowned caricaturist and artist. Al Hirschfeld knew everybody and drew everybody. He occupied the twentieth century, and illustrated it. Hirschfeld: The Biography is the first portrait of the renowned artist's life—spirited and unique as his pen-and-ink drawings. Beginning in the 1920s, he caricatured Hollywood actors, Washington politicians, and—his favorite—celebrities of the stage. Broadway belonged to Hirschfeld. His work appeared in the New York Times and other publications, as well as on book jackets, album covers, posters, and postage stamps, for more than seventy-five years. He lived in Paris, Moscow, and Bali, and in a pink New York townhouse on a star-studded block where his closest friends—Carol Channing, S. J. Perelman, Gloria Vanderbilt, Brooks Atkinson, Elia Kazan, Marlene Dietrich, and William Saroyan—flocked in and out. He played the piano, went to jazz joints with Eugene O'Neill, and wrote a musical that bombed. He drove until he was ninety-eight years old and always found a parking space. He worked every day, threw dinner parties twice a week, and hosted New Year's Eve soirees that were legendary. He had three wives, a formidable agent, and a daughter, Nina, the most famous little girl that no one knows. Hirschfeld died in 2003, at the age of ninety-nine. "If you live long enough," he liked to say, "everything happens." For him, it did. And good and bad—it's all here. Through interviews with Hirschfeld himself, his friends and family (including the mysterious Nina), and his famous subjects, as well as through letters, scrapbooks, and home movies, Ellen Stern has crafted a delightful, detailed and definitive portrait of Al Hirschfeld, one of our most beloved, and most influential, artists.

Thought-provoking, clever, and at times laugh-out-loud funny (one cluster of titles from the Museum of Art's research library consists of: Primitive Art/Just Imagine/Picasso/Raised by Wolves), Sorted Books is an enthralling collection of visual poems full of wry wit and bookish smarts.

Women's Matter Aug 08 2020 In using feminist political analysis to open up the complexities of these early plays, Levine also demonstrates the value of reconsidering works that have long been marginalized in Shakespeare studies.

Eileen Gray Dec 12 2020 "Eileen Gray (1878-1976) was a versatile designer and architect who navigated numerous literary and artistic circles throughout the course of her life. This handsome volume chronicles Gray's career as a designer, architect, painter, and photographer. The book's essays, featuring copious new research, offer in-depth analysis of more than 50 individual designs and architectural projects, accompanied by both old and new photographs. Born in Ireland and educated in London, Gray proceeded to Paris where she opened a textile studio, studied the Japanese

craft of lacquer that would become a primary technique in her design work, and owned and directed the influential gallery and store known as "Jean Désert." Gray struggled for acceptance as a largely self-taught woman in male-dominated professions. Although she is now best known for her furniture, lighting, and carpets, she dedicated herself to many architectural and interior projects that were both personal and socially driven, including the Villa E 1027, the iconic modern house designed with Jean Badovici, as well as economical and demountable projects, such as the "Camping Tent"--

A Touch More RareMar 27 2022 Harry Berger, Jr., has long been one of our most revered and respected literary and cultural critics. Since the 1960s, a stream of remarkable and innovative publications have shown how very broad his interests are, moving from Shakespeare to baroque painting, to Plato, to theories of early culture. In this volume a distinguished group of scholars gathers to celebrate the work of Harry Berger and to "celebrate," in Berger's words, is "to visit something either in great numbers or else frequently-to go away and come back, go away and come back, go away and come back. Celebrating is what you do the second or third time around, but not the first. To celebrate is to revisit. To revisit is to revise. Celebration is the eureka of revision." Not only former students but distinguished colleagues and scholars come together in these pages to discover Berger's eureka-to revisit the rigor and originality of his criticism, and occasionally to revise its conclusions, all through the joy of his strenuous engagement. Nineteen essays on Berger's Shakespeare, his Spenser, his Plato, and his Rembrandt, on his theories of interpretation, on cultural change and on the ethos of his critical and pedagogical styles, open new approaches to the astonishing ongoing body of work authored by Berger. An introduction by the editors and an afterword by Berger himself place this festival of interpretation in the context of Berger's intellectual development and the reception of his work from the mid-twentieth century into the first decade of the twenty-first.

Wake, SirenMar 03 2020 In fierce, textured voices, the women of Ovid's Metamorphoses claim their stories and challenge the power of men. In the home of this story. After thousands of years of other people's tellings, of all these different bridges, of words gotten wrong, I'll tell it my way. Seductresses and she-monsters, nymphs and demi-goddesses, populate the famous myths of Ovid's Metamorphoses. But what happens when the story of the chase comes in the voice of the woman fleeing her rape? When the beloved coolly returns the seducer's gaze? When tales of metamorphosis and transfiguration are sung by those transformed? In voices both mythic and modern, Wake, Siren revisits each account of love, loss, rape, revenge, and change. It lays bare the violence that undergirds and lurks in the heart of Ovid's narratives, stories that helped build and perpetuate the distorted portrayal of women across centuries of art and literature. Drawing on the rhythms of epic poetry and alt rock, of everyday speech and folk song, of fireside whisperings and therapy sessions, Nina MacLaughlin, the acclaimed author of Hammer Head, recovers what is lost when the stories of women are told and translated by men. She breathes new life into these fraught and well-loved myths.

What I Told My DaughterJun 17 2021 Edited by Nina Tassler, the chairman of CBS Entertainment, a collection of original essays from notable, highly accomplished women in politics, academia, athletics, the arts, and business offering advice for raising a new generation of empowered women. Young women are bombarded these days with advice from every direction telling them to lean in, marry smart, thrive, or not even to try to do it all. So where to begin? And whom should they listen to? Nina Tassler is, by any standard, a trailblazer. She holds one of the highest positions at CBS Corp., one of the world's most prominent media companies; she serves on the boards of prominent institutions; and she's a devoted wife and mother. It's hard to imagine a better role model for a young woman. But while attending a volleyball tournament with her daughter, Nina was forced to face her own limitations. Olympic gold medalist Misty May-Treanor was scheduled to speak and the girls were all so excited to hear what she would have to say—not just as an icon of the sport that they all loved, but as a woman. Nina realized that the absence of sports from her own girlhood meant that she didn't always know how to talk to her daughter about what it means to be a female athlete, or about how women can succeed in the often male-dominated field of sports. Nina realized that her perspective on what feminism means—on what being a woman means—was singular, and informed by her own journey...and that perhaps other women—other mothers—had their own unique ways of talking about the world with their own girls. And so What I Told My Daughter was born: a kaleidoscope of talented, successful women from all walks of life—from celebrities to business executives, academics to law enforcement to philanthropic and humanitarian leaders including Geena Davis, Brooke Shields, Norah O'Donnell, First Lady Laura Bush, Pat Benatar, Gloria Estefan, Christine Baranski, Sheila Bair, Peggy Orenstein, and Gloria Allred—share anecdotes about the stories they've told their own daughters to instill in them the belief that they are capable of doing whatever they set their minds to, and that even as they struggle to find their own way, they are far from alone.

The Media Players May 05 2020 The Media Players: Shakespeare, Middleton, Jonson, and the Idea of News builds a case for the central, formative function of Shakespeare's theater in the news culture of early modern England. In an analysis that combines historical research with recent developments in public sphere theory, Dr. Stephen Wittek argues that the unique discursive space created by commercial theater helped to create the conceptual framework that made news possible. Dr. Wittek's analysis focuses on the years between 1590 and 1630, an era of extraordinary advances in English news culture that begins with the first instance of serialized news in England and ends with the emergence of news as a permanent fixture of the marketplace. Notably, this period of expansion in news culture coincided with a correspondingly extraordinary era of theatrical production and innovation, an era that marks the beginning of commercial theater in London, and has left us with the plays of William Shakespeare, Ben Jonson, and Thomas Middleton.
