The Apollo Deception Dec 04 2020 Gary Stephens is brought into a government-sanctioned cover-up when he discovers that his father helped fake the Apollo 11 moon landing in the 1960s. Pot Farm May 09 2021 After eight months in his childhood home helping his mother through her bout with cancer, Matthew Frank and his wife were themselves desperate for comfort. They found sanctuary in the most unlikely place—amid a collection of outcasts and eccentrics on a plot of land miles outside their comfort zone: a “mostly medical” marijuana farm in California. Pot Farm details the strange, sublime, and sometimes dangerous goings-on at Weckman Farm, a place with hidden politics and social hierarchies, populated by recovering drug addicts, alternative healers, pseudo-hippie kids, and medical marijuana users looking to give back. There is also Lady Wanda, the massive, elusive, wealthy, and heavily armed businesswoman who owns the farm and runs it from beneath a housedress and a hat of peacock feathers. Frank explores the various roles that allow this industry to work—from field pickers to tractor drivers, cooks to yoga instructors, managers to snipers, illegal immigrants to legal revisionists, and the delivery crew to the hospice workers on the other end. His book also looks at the blurry legislation regulating the marijuana industry as well as the day-to-day logistics of running such an operation and all the relationships that brings into play. Through firsthand observations and experiences (some influenced by the farm's cash crop), interviews, and research, Pot Farm exposes a thriving but unsung faction of contemporary American culture.

DEVASTATION POINT Sep 20 2019 *DEVASTATION POINT* What would you do if you were stranded halfway around the world when it crumbled? The world collapsed after the spread of the hyper-aggressive H5N1 Avian plague and several airborne mutations. By simply breathing the air, billions upon billions around the world died in less than a few months' time. Soon after, technology and infrastructure disintegrated. Electricity is gone; there are no cell phones, Internet, television or much else. Humanity lies in waste, disease and ruin. Among the remaining survivors, one very rare gene in the human DNA surfaced as resistant to the onslaught. Stuck in the remote mining town of Mudgee, Australia, Airborne Special Forces Colonel Connor MacMillen survives the dark and dangerous times. Motivated by family, he intends to get home to Pittsburgh, Pennsylvania--or rather, the Fayette Mountains south of Pittsburgh. He has unfinished business to attend to there. After four impossible years traveling in a post-apocalyptic world, Connor Mac lands in San Francisco and commences the last leg of his journey across the continental United States. *DEVASTATION POINT* begins Connor Mac's exploits in the fifth year of the New Dark Ages as he encounters a strange and changed America turned upside down by the "Cuckoo Flu". Encountering new friends as well as making fierce enemies along the way, his personal journey reveals a furious and confident fight for life. But, unbeknownst to Connor Mac, his journey to get home is noticed by those still in power in America; and they're looking for him. It seems he is decidedly different than most men left standing. While all living men are infertile, he is still able to reproduce. And, that changes everything. *DEVASTATION POINT* takes a comprehensive look at how one man, trained by America's best, would respond to a world completely altered by the pandemic destruction. To Connor Mac, family connections are critical and returning home can be a prime motivator for one last and final mission. "DEVASTATION POINT stands head and shoulders over the pulp that permeates the post-apocalyptic genre." "A full and complete first novel of over 250,000 words, aficionados of the post-apocalyptic genre will fully enjoy reading this." "This is an exploration of what it might take to smartly survive the apocalypse and still retain the higher elements of what it means to be human. Sorry, but there are no Zombies."
