Robert Ludlum's (TM) The Utopia Experiment Aug 27 2022 With U.S. intelligence agencies wracked by internal power struggles and paralyzed by bureaucracy, the president has been forced to establish his own clandestine group--Covert-One. It's activated only as a last resort, when the threat is on a global scale and time is running out.The Utopia Experiment When Dresner Industries unveils the Merge, a device that is destined to revolutionize the world and make the personal computer and smartphone obsolete, Covert-One operative Colonel Jon Smith is assigned to assess its military potential. He discovers that enhanced vision, real-time battlefield displays, unbreakable security, and near-perfect marksmanship are only the beginning of a technology that will change the face of warfare forever--and one that must be kept out of the hands of America's enemies at all costs. Meanwhile, in the mountains of Afghanistan, CIA operative Randi Russell encounters an entire village of murdered Afghans--all equipped with enhanced Merge technology that even the Agency didn't know existed. As Smith and Russell delve into the circumstances surrounding the Afghans' deaths, they're quickly blocked by someone who seems to have access to the highest levels of the military--a person that even the president knows nothing about. Is the Merge really as secure as its creator claims? And what secrets about its development is the Pentagon so desperate to hide? Smith and Russell are determined to learn the truth. But they may pay for it with their lives . . .

[New Evangelization Mar 30 2020](#) Pope John Paul II, guided by inspiration, called for a new evangelization with a new Pentecost and a new springtime. This new evangelization, beyond band-aid solutions or addressing external elements, entails a renewal of the foundations in the path of the early Church- with a rekindling by the fire of the Holy Spirit and a return to the original kerygma, "Jesus is

Lord." It is a renewal of our foundation of adoration of and friendship with Christ, but articulated for our times. This book seeks to renew evangelization by starting anew from Christ. Part I describes the Christ-centered preparation required for evangelization: sanctifying culture; forging a christocentric vision of man; bridging faith and science in evolution; finding a theological mentor; and sanctification for ministry. Part II describes the trajectory of a renewed evangelization: beginning with love of Christ's Church; highlighting the central role of lay mission; evangelizing in the path of Christ; adoration through a cosmic vision of the liturgy; and preaching Christ in the Word. It culminates with a chapter on "Mary, Morning Star of the New Evangelization."

The Inclusive New Testament Jul 02 2020 While The Inclusive New Testament is certainly an inclusive-language translation, it is much more: it is a re-imagining of the Christian scriptures and our relationship to them. Not merely replacing male pronouns, the translators have rethought what kind of language has built barriers between the text and its readers. Seeking to be faithful to the original Greek, they have sought new and non-sexist ways to express the same ancient truths. The Inclusive New Testament is a fresh, dynamic translation into modern English, carefully crafted to let the power and poetry of the language shine forth-particularly when read aloud-giving it an immediacy and intimacy rarely found in translations of the Bible. The Inclusive New Testament is also available together with The Inclusive Psalms or as a part of The Inclusive Bible.

Last Target Standing Jan 20 2022 THE SECOND INSTALLMENT OF THE RIVETING NEW THRILLER SERIES BY FORMER GREEN BERET AND USA TODAY BESTSELLING AUTHOR JASON KASPER "David Rivers is back with a vengeance in the Shadow Strike series, and the stakes have never been higher-or more personal." -Steven Konkoly, USA Today Bestselling Author of the Ryan Decker Series When a terrorist attack leaves more questions than answers, David Rivers and his team are sent to uncover the mastermind. After the largest terrorist attack in US history is narrowly foiled, the sole enemy survivor has only one name to provide his interrogators: Ghulam Samedi. But Samedi is a fugitive in the rugged mountains of China's Xinjiang Province, where opium smugglers, a violent separatist movement, and secret police make every mile of ground fraught with danger. As part of the CIA's newly-minted targeted killing program, Rivers and his team of Agency contractors are tasked with assassinating Samedi. Once they are inside China, there will be no backup, no air support, no escape-only a handful of local assets with dubious motivations. Rivers' team of former mercenaries was assembled for these kinds of covert operations: they are unilateral, unattributable, and if things go wrong, utterly expendable. As they embark on their most challenging mission yet, they will stop at nothing to hunt down Samedi...the last target standing between them and a sinister conspiracy with global implications.
