High-Performance Paper Airplanes Kit Feb 13 2021 Fold and fire aerodynamic paper airplanes dozens of feet into the air with this easy origami kit. High Performance Paper Airplanes presents a collection of realistic origami paper airplanes from well-known author and paper aviation expert Andrew Dewar. Dewar has spent decades perfecting the art of folding easy paper airplanes that both look great and fly well. This new series takes paper airplanes to new heights—literally! The planes can be fired high into the air with a rubber band launcher and are designed to circle down for a long time. The airplane designs are also printed in full-color on both sides and pre-cut so you just need to push them out and assemble them using a bit of glue. Although fun for folders of any age, these paper plane designs are so simple that they can be considered "origami-for-kids" projects and are a great way to learn origami. The origami airplanes range from simple designs that can be assembled in under a minute to detailed scale replicas that look and fly like the real thing. The included instructional origami book not only explains how to assemble each plane, but how to fine-tune it to coax the best performance. Helpful tips for hosting competitions with

your friends, and suggestions for designing your own origami airplane models are also included. This paper airplanes kit contains: Rubber band catapult 46 page, full-color origami book Clear step-by-step instructions Tips on building and flying paper planes 10 pre-cut paper airplane models Special durable lightweight cardstock Colorful and realistic designs Fun to build and amazing to fly, these beautiful models are guaranteed to turn heads and draw a crowd of spectators every time you fly them. Using the rubber-band catapult and with a bit of practice, you'll be able to launch paper planes that remain aloft for 30 to 60 seconds—and more! Paper airplane models include: Hornet Tiger Eclipse Zero Corsair And many more...
